Nature of Noncompliance: On June 22, 2021, the defendant submitted a random drug test which returned positive for opiates on July 1, 2021. The defendant denied any narcotic or medication use; therefore, the test was submitted to the regional drug testing lab for further evaluation. On July 16, 2021, the drug test was confirmed positive for extended opiates (codeine and hydrocodone).

On June 22, 2021, a sweat patch was removed from the defendant. Said patch returned positive for cocaine on July 8, 2021. Furthermore, while on random drug testing, Reyes has submitted five (5) diluted specimens from April 2021 through June 2021.

U.S. Probation Officer Action: The probation office respectfully requests no adverse action be taken at this time. In October 2020, the defendant began attending treatment services for dual disorders and submitting to random drug testing. Reyes' drug testing intensity will be increased, and he will be closely monitored for compliance. Should the defendant incur any further violations, the Court will be immediately notified. Accordingly, the Court reserves the right to revisit this allegation in the future.
